QUIET IN HAVANA AS TROOPS LAND

No Trouble is Apprehended by The Department.

Taft and Bacon Surprise Cubans With Affability, Energy and Tact on Mission.

NO DEMONSTRATION IS MADE.

Havana, Oct. 1.—The city is quiet today, not the slightest disturbance following the landing marines and blue jackets. About 20,000 men from the American war ships in the harbor began coming ashore early today. It will not be long until the entire number is in camp Columbia. No parade of landed forces was held, the men being dispatched at once to their headquarters. An additional force of 500 marines arrived today on the battleship Kentucky, and will be landed before the day is over. The 450 marines and blue jackets who had been already landed here were sent to Cienfuegos.

Commissioners Are Busy. Havana, Oct. 1.—The headquarters of the American commissioners was transferred from the battleship which brought them to Cuba to a house in Mariana soon after their arrival.

Both Secretaries Taft and Bacon rise at 7 o'clock, and by 8 have finished breakfast, which in this country is a very light repast of rolls and coffee.

Nothing connected with the visit of these two distinguished gentlemen has impressed the Cubans so deeply as the courtesy with which they get to business and the devotion with which they continue at work hour after hour.

Their frank cordiality to all classes of visitors has been another agreeable surprise to the Cubans. They have been so accustomed to partisanship on the part of public men that Secretary Taft's friendly attitude to all persons who can aid him in his task, his candid desire to gather information from every source, strikes them as a remarkable novelty. The entire absence of formality at the Finea de Hidalgo is in agreeable contrast with the tedious etiquette in President Palma's official home.

The visitors are ushered into his presence and dismissed with the greatest economy of physical energy. Important, indeed, must be the individual whom the portly secretary honors with his escort beyond the door. There is an automobile always in attendance. After dinner the secretary sometimes takes an outing along the "Cataldo," but most of his evenings are spent in the elaboration of data collected during the day. It is not expected in Havana that Secretary Taft will make any announcement of the conclusions to which he comes before his return to Washington. It is felt that the gravity of the situation is such that he will wish to confer personally with the president before publishing his recommendations. There does not seem to be any reason to doubt that the information which he has obtained so far shows that the present rebellion can be satisfactorily arranged. The government is practically obliged to do whatever may be desired by the United States.

Cuba's Annexation Foreshadowed. Washington, Oct. 1.—Secretary Taft's proclamation declaring himself military governor of Cuba is regarded here as foreshadowing with almost certainty the formal annexation of the island within the next six months. High military and naval authorities express this view with remarkable unanimity. It was strongly intimated in one responsible quarter today that President Roosevelt had come to the conclusion that annexation was the only satisfactory solution of the situation and that his plans were being laid with such a contingency in mind. It is expected that he will urge upon congress the desirability of such a step, probably not in formal message, but in his talks with leading members of the senate and the house.

If the sentiment among Republican and Democratic members who have come to Washington in the last few weeks represents that held throughout the country, it is difficult to imagine any other outcome of the Cuban imbroglio than annexation. It is learned, however, that in all likelihood there will be no hasty action by Mr. Roosevelt. For the next few days it is thought he will

play a waiting game. This means that he will simply watch the effect of Secretary Taft's proclamation throughout the provinces. That there will be no serious trouble encountered in Havana is not doubted, but as much cannot be said for the outlying districts. The province awaiting is that of Santiago, always the hotbed of rebellion and turbulence. If there is to be fighting in Santiago, it is expected to hoist the banner, but the fact that no bad advices have come from there inclines the officials here to take a rather hopeful view of matters.

Psalm Is Penniless.
Washington, Oct. 1.—Psalm is penniless. The president of the first republic of Cuba retires to private life without a dollar. This statement was made by Señor Quesada, the Cuban minister, who cabled Psalm an invitation to come to United States to live at the former's home.

Engineers to Embark.
Washington, Oct. 1.—Four companies of engineers left Washington barracks for New York today, where they will embark for Cuba this evening on the transport Sumner.

PIPE

PRESENTED TO RETIRING YARD-MASTER STONEBREAKER.

J. Sullivan Succeeds Him and Kelley Charlton Becomes His Assistant.

Mr. J. Sullivan, assistant general yardmaster for the Illinois Central, took charge of the yards this morning in the capacity of general yardmaster. He succeeds Mr. G. W. Stonebreaker whose resignation took effect today. Mr. Kelley Charlton, the well known engine foreman, was made his assistant, a deserved promotion. Mr. William Mortland, another popular yard employee, was given Charlton's engine.

Yesterday the retiring yardmaster was presented with fine meerschaum pipe by attaches of the yards and yard office. He is one of the most popular yardmasters ever in charge here.

Mr. Stonebreaker left today for Cedar Rapids, Ia., to take charge of the Rock Island yards there.

IN HOMESPUN

OUR OLLIE WAS CLAD AT BENTON THIS MORNING.

Left His English Clothes and Acrent at Home and Talked Crops With Farmers.

Clad in homespun the antithesis of that phonographic vest and its setting of English tweed, which the tall congressman from the First district wore home from London this summer, and finding his "it's" with accustomed readiness, Ollie James addressed the dark tobacco growers of Marshall county at Benton this morning. It was county court day and the association took advantage of the occasion to hold a rally. Ollie James and Gen. N. H. Hays took advantage of the rally to get the ears of the populace. General Hays spoke this afternoon.

DEMONT OUT.
America's Representative Hurts His Arm.

Paris, Oct. 1.—Santos Dumont, representing America in the balloon race for the Gordon Bennett cup, which started from here yesterday, was compelled to drop out of the contest owing to severe injury to his arm. Dumont caught his arm in the cordage of the balloon.

Musical Drill.
The musical drill will be practiced this evening. Every participant should be on hand promptly at 7 o'clock.

BACK TO COUNCIL GOES FRANCHISE

Mayor Yeiser May Not Approve 19th St. Extension.

Board of Commissioners Expected to Pass Measure Over Veto of the Mayor Tonight.

WILL TELL ABOUT MEETING.

Without the mayor's signature, it is probable the franchise ordinance for the Werten's addition line of the Paducah Traction company will be returned to the board of commissioners tonight. Mayor Yeiser has not yet signed it and, it is understood, he will not. The board probably will pass the measure over the mayor's veto.

This ordinance provides for an extension of the line out Broadway to Nineteenth street, thence over Nineteenth street to the Mayfield road. It affords street railway facilities to a section now without them.

Mayor Yeiser also will tell the board about the trip to Chicago.

"My visit was a busy one," said the mayor, "and, really, I did not see as much of the city as I would like to. I was studying municipal problems and improvements the whole time and believe I have learned something."

Councilman John Williamson says that if the Sunday labor law is to be made effective generally, he thinks it should be made to apply as rigidly to city departmental work as to any business; furthermore, that he intends at tonight's meeting of the board of commissioners to bring the matter up. Councilman Williamson's speeches are short and to the point and he says he will speak his mind.

"Just look at that," he invited when he met a news reporter at Fifth street and Broadway. He pointed south on Fifth street.

"What I am pointing to is that city dump cart," he explained, "and I am going to see if the Sunday labor law can not be made to apply to the city as well as to business. I have spoken to the mayor once about the matter privately and see the unsightly, filthy carts are out again. This time I shall speak publicly. I think that city laborers should be made to pay of the same as others."

Died With Jackies.
Barnstable, Mass., Oct. 1.—With one detachment of American marines landed in Cuba and a force of several thousand marines and sailors preparing to follow to uphold the authority of the United States over the trouble-some island, President Roosevelt today went out of his way and paid the enlisted men of the service an honor which has no precedent in history. The president, in making a visit to the North Atlantic fleet off Cape Cod, insisted in sitting down to dinner on the battleship Missouri with the jackies and marines, partaking of the same fare of the forecastle.

A Mean Disposition.
Philadelphia, Oct. 1.—For no known cause except an ungovernable temper, Edward Weaver this morning fired three shots into the body of his wife as she awaited breakfast in a restaurant, killing her instantly. He was arrested later.

SIX CROSS CHANNEL.
London, Oct. 1.—Six of the sixteen balloons, which left Paris yesterday in the international race for the Gordon Bennett cup, have crossed the English Channel. All are moving rapidly toward the northeast.

Ray Barker.
Ray Barker, 17 months old, son of W. A. Barker, of 1118 South Eighth street, died this morning of summer complaint. The body was taken to Elva, Marshall county.

Twelve Cows.
The monthly report of L. Rice, the cow policeman, shows there were 12 cows and four miles taken up during the month of September.

Rosa Johnson, colored, of 618 Clark street, swore out a warrant this afternoon against Will McKinley, colored, charging him with entering her house in her absence and taking goods away. She telephoned detective Will Baker at noon and he left to investigate, finding the negro in the house.

Railroad Commissioner Mac D. Ferguson, of La Center, is in the city today.

STORM'S DAMAGE NOT OVERSTATED

Shipping And Every Other Industry Suffer.

Loss of Life Reaches Hundreds and Business Almost Prostrated Along Gulf.

SOME RECORDS OF THE BLOW.

Mobile, Ala., via. Meridian, Miss., Oct. 1.—The number of casualties in the great storm of last Wednesday is slowly increasing, as messages are received from places which have heretofore been inaccessible. The total last night of the known dead was seventy-five. This number was brought up to a certainty of seventy-nine and possibility of 102 by the reports which reached Mobile during the night, and early today.

Captain Wilson, of the Panama

Reported that the beacons in the bay and all of the range lights have been carried away and declared that the lighthouse on Sand Island had been destroyed, only the tower remaining.

There was no light burning, he said, on the approached entrance into the harbor. Captain Hansen of the Belize, saw the light somewhat earlier, and it must, therefore, have been destroyed on Wednesday evening.

The government tender Ivy went down the bay early today around the entrance into the harbor and to make a careful examination of possible changes made by the storm in the channels between the entrance to the harbor and the city.

The situation along the coast to the west of this city is now fairly well known. At Scranton, Miss., one church, the Odd Fellows' hall and several buildings were blown down.

At Pensacola beach not a residence is standing, the river front at that point is completely torn up, and the light house there has been destroyed. Shipping at this point, however, has not been badly damaged.

The revenue cutter Winona for

which much fear was entertained, is now known to be safe. The crew of the cutter rescued the keeper of the Pensacola lighthouse and his family during the storm.

The keeper of the Horn Island light house, just outside of Scranton, lost his life. The captain of a tug which came near the house at the commencement of the storm urged him to leave but he refused to abandon his post, and in a short time was drowned. The entire end of the island on which the lighthouse was situated is said to have been carried away.

At Biloxi the damage has been of minor character to buildings.

At Pass Christian no lives were lost and the damage was slight.

The wrecking of a few houses comprised the damage at Gulfport, and no lives were lost there.

Five out of eight vessels at Ship Island at the time of the storm were beached, and two will be total wrecks.

Several vessels, the names of which are unknown, are ashore off Horn Island, and the small islands marking the passage between Dauphin Island and the mainland have been destroyed. The beacon lights on this part of the coast are not greatly damaged.

It is now believed that the loss to the lumber interests alone by the storm will aggregate \$10,000,000.

At Pensacola.

Pensacola, Fla., Oct. 1.—It is difficult to give any adequate idea of the magnitude of the storm devastation here. The entire water front is a mass of tangled wreckage. The costly bridge of the Louisville and Nashville railroad, spanning Escambia bay, was demolished, and it will be many days before trains can go eastward. Officials of the road believe the foundation is intact and the work of rebuilding will be begun as soon as possible. Train service north has been restored.

Out of fifteen fishing schooners of E. E. Saunders & Co.'s fleet only one is afloat. Warren & Co.'s fleet suffered equally as bad, one only being undamaged. The others are on the beach and some of them broken up.

The tug Monarch and Mary Lee are high and dry in Pine street.

Among the ocean-going craft hard

aground are the Norwegian ship Ingrid, Norwegian bark Helmsdal, Norwegian ship Avnnti, Portuguese ship Ferrola, schooner Dona Christina, Swedish bark Althild, Norwegian bark Hereford, German bark Maria.

"Dare Devil Dennis" made another

balloon ascension yesterday afternoon at Wallace park and besides the usual excitement, attending an ascension, furnished even more than was

bargained for. When Dennis tried to put the cap on the fire box to prevent the balloon from catching fire and ran under the big air bag the wind caught it and it veered. Dennis was dragged through the branches of a walnut tree and was bruised and scratched by the twigs and sharp branches, but hung on.

The balloon disappeared in the clouds and when Dennis cut loose the earth was hidden from view. He went a mile in the air and came down four miles from the park.

HON. E. W. BAGBY ENTERS THE RACE

He and President McBroom Out for City Judge.

General Hayes, Anti-Administration Candidate, Will Speak Here Tonight.

REGISTRATION DAY TOMORROW.

In spite of the other attractions this week, it marks the advent of the politics season and politics is interesting Paducahans just now.

In addition to the fact that tomorrow is registration day the Republican city convention takes place one week from Thursday, and a contest is promised for the first place. President George McBroom, of the board of councilmen, is already out for city judge, and this morning Hon. E. W. Bagby announces his candidacy for the place. Both are good men and both entered the race at the opportunitiess of friends after mature consideration. Whoever wins the office seeking the man.

Hon. E. W. Bagby, lawyer and president of the Carnegie library board, who made such a hard race against R. T. Lightfoot for the office of county judge in the last election, will not forsake the ranks of the Republicans to run on the independent ticket for police judge at the next regular elections. This statement was made by the well known attorney this morning, and while he did not state definitely that he will run, intimated his intentions of becoming a candidate.

Hon. E. W. Bagby made such a strong fight, especially in the city where he ran ahead of Judge Lightfoot, that he was urged to run for police judge. He was urged not only by his Republican friends but by many Democrats, who asked him to come out independently.

General Hayes will speak at the court house.

General Hayes Here.

Attorney General Hayes, anti-administration candidate for the Democratic nomination for governor, will speak here tonight. The first announcement came this morning by

General Hayes. The notice is so short that his friends are

stirring themselves to get up a crowd.

UNDER THE BRIDGE IN THREE MINUTES

Buttonff Would Have Been Saturday Night.

Clarksville Bridge Raised for Sterns, or When L. & N. Passenger Plunged Over.

ALL HANDS STILL NERVOUS

If the steamer Buttonff had been three minutes earlier going under the bridge on the Cumberland river at Clarksville Saturday night, the train, which plunged through that bridge would have precipitated itself through that boat. In such an event the loss of life would have been far greater.

It was because of the Buttonff that the bridge was open and that the train plunged through to the Cumberland river which is forty feet deep at that point. The boat had whistled for the bridge to open and was within a few hundred feet of the bridge when an L. & N. passenger train rounded the curve, approaching the bridge, and dashed into the yawning opening. The engine and two cars went through, the mail and baggage cars, with a crew of seven men. Two were killed.

It was dark when the accident occurred. The channel was so deep that the Buttonff had no trouble passing under the bridge and the cars floated on down the river. They have not been fished out yet. The train was running according to schedule time and the blame for the catastrophe has not been placed. The Buttonff arrived here Sunday evening and Capt. Tiner and the other officers, passengers and men are still whistling at their narrow escape.

MRS. CASEY—WINDOW WASHER

Appeals to Courts and Wins Victory Over Company.

Mrs. Casey did not stop to argue. She wanted her dollar right now. She went across the street to the court of the justice of the peace. The case came up promptly, for it was not a busy time.

"Now, when did you clean the windows?" asked the justice, when the case was called.

"Twas awn th' tithn av June."

The justice looked at her sternly.

"How can you be so sure of the date of a trifling event that occurred so long ago?"—Success.

Blatherskite.
"Blatherskite" is an Amerennism, or, rather, an old word which has survived chiefly in American usage. The way it came to be popular here is curious. It is really the old Scottish "blatherskite," from "blether," to talk nonsense (old Norse "bladr" nonsense), and "skite," a term of opprobrium. In the song, "Maggie Lauder," written about 1650, occur the words, "Jog on your gait, ye blatherskite," and this song was a very popular one in the American camp during the war of Independence. Hence the vogue of the expressive word in its Americanized form. "Blatherumakite" was the Irish version early in the nineteenth century.

The first meerschaum pipe was made by Karol Howater in 1723. This pipe is still in the Pesta Museum.

Theatrical Notes

Horse Show—October 3 to 6.

Golden-Voiced Al. H. Wilson.

"Mets in the Alps" the romantic comedy drama of picturesque Switzerland in which Al. H. Wilson, he of the golden voice, will appear at the Kentucky (tonight) while interesting and pleasing to all classes of theatergoers appeals with exceptional force to those who claim the fatherland as the place of their nativity. "Mets in the Alps" is a tribute to the worth and dignity of German character, and holds up the mirror to nature in such a way as to reflect only the brightest side of life in which truth and honesty predominate. The play tells in forcible language a romantic love story, enlivened by bright comedy, incidental to "Metz in the Alps." Mr. Wilson is heard in several choice selections of ballads descriptive yodels and character songs. Stage settings of a most lavish nature, as well as other embellishments, both mechanical and electrical, will be made use of; a cast that will aid in its proper rendition has been selected, many of its members being old and tried favorites with the votaries of our play-house.

The County Chairman.

The score of pretty little school girls who take part in the rally scene in George Ade's notable comedy drama, "The County Chairman," which Maclyn Arbuckle offers at the Kentucky theater tomorrow night, were selected from over 200 applicants. Their great charm is their naturalness. This quality dominates "The County Chairman" throughout. Every character is absolutely true to nature.

A Fatal Day for Royalty.

It is generally known that Saturday has been a fatal day for royalty in our own country for over a hundred years; coincidences, perhaps, but nevertheless true. Here are a few examples:

William III. died on Saturday, March 18, 1702.

Queen Anne died on Saturday, August 1, 1714.

George I. died on Saturday, June 10, 1727.

George II. died on Saturday, October 25, 1760.

George III. died on Saturday, January 29, 1820.

George IV. died on Saturday, June 26, 1830.

The Duchess of Kent died on Saturday, March 16, 1861.

The Prince Consort died on Saturday, December 14, 1861.

Princess Alice died on Saturday, December 14, 1878, says Home Notes.

While Saturday seems fatal to the Guelphs, Thursday was equally fatal to the Tudor dynasty, as Henry VIII., Edward VI. and the Queens Mary and Elizabeth all died on this day of the week.

A Unique Officeholder.

Charles E. Hunter, chief clerk in the district court of Oklahoma City, has established an astounding record. He declares his intention to resign his position, and gives as his chief reason the fact that the fees of his office are exorbitant. A month ago he gave emphasis to his views on this matter by writing to the department of justice, suggesting that court clerks in the territory be put on a stipulated salary of \$2,500 a year. In ninety days the clerk fees in Hunter's district amounted to more than \$6,000, which is at the rate of about \$25,000 a year. Hunter insists that this is little short of wholesale robbery of litigants and that the evil should be corrected. He was a Rough Rider sergeant in the Spanish-American war, and owes his present position to President Roosevelt, who admires him.

The Report Direct.

A United States sailor, who had served through the civil war, and, despite years of drill, was bent in the shoulders and rounded in the back, was passing along Church street in Liverpool one day when his ship was lying in the Mersey. Along came two smart young Tommy Atkins—straight as ramrods and gorgeous in new uniforms—who thought to have some fun with the old Yankee man-of-warman.

"Jack ahoy!" cried the youngest and smartest of the two. "What are you carrying on your back?"

Back came the answer, quick as a shot:

"Bunker Hill."

And the Tommies pursued their way with chastened spirits.—September Lippencott's.

"Typographical errors," said William Dean Howells, the famous novelist, "are always amusing. When I was boy in my father's printing office, in Martin's Ferry, I once made a good typographical error. My father had written:

With a rise of 2.5 in the last 48 hours, the river is at a stage of 13.1 this morning. The rise was steady all day Sunday and Sunday night keeping the wharfmaster constantly busy shifting the gangplank up the wharf. There was little rainfall in the last 24 hours. The rainfall for the whole month of September was 4.50 inches, the larger part of which fell in the last five days.

The lowest stage of the river last month was 6.5, and the highest was 11.9. In September last year, the highest was 15.3, but the river this year maintained a higher average throughout the month. The highest stage in 1904 was 3.8; in 1903, 6.5; in 1902, 5. These figures are given to show the marked change in the stage of the river in the last two years. The high stage last month when it usually has been low probably was due to the heavy rains preceding the month in June, July and August.

Capt. James Koger has gone to Memphis to superintend repairs on the Savannah. On the down trip to Memphis from St. Louis, the Savannah broke the cylinder timbers and the wheel shaft. The breakdown occurred near Memphis and the boat will be repaired there. The Savannah had expected to enter the Vicksburg-Memphis cotton trade.

The Dick Fowler had a good trip to Cairo this morning at 8 o'clock.

The Buttonff arrived from Nashville Sunday evening and left today at noon for Clarksville.

Mosquito Screens in England.

"I have yet to see," writes Consul Halstead, from Birmingham, "a house in England equipped with window and door screens, such as make life endurable in the United States in the summer months. There are, however, a very few mosquito bars, made of cotton netting, such as were common in America a quarter of a century or so ago, and were later displaced by wire screens."

A Phonetic Suggestion.

President Elliott, of Harvard, is no believer in the Roosevelt spelling reform. Once there was a student who was a candidate for the degree of Doctor of Philosophy. This man adopted spelling reform as his particular line of work, and as convenient duty drew near he went to President Elliott with a request. "You know, Mr. President," he said, "that you are proposing to make me a Ph. D. Now, I have made a specialty of spelling reform, and I always spell philosophy with an 'I.' I therefore called to ask you if you could not make my degree F. D. instead of Ph. D."

"Certainly, my dear sir," replied the president of Harvard. "In fact, if you insist, we shall make it a D. P."

Had Poor Terminal Facilities.

Melville Ingalls, the western railway magnate, was induced by a friend while spending Sunday with him to attend service at a church the pastor of which is noted for the extreme length of his sermons. As the friends were leaving at the conclusion of the sermon, the Bostonian, with a touch of pride, inquired "Dr. Ingalls is a most eloquent minister, is he not?" "Very eloquent," was the dry response of the railroad man "but he has poor terminal facilities."

HAPPY WOMEN.

Plenty of Them in Paducah and Good Reason for It.

Wouldn't any woman be happy, after years of backache suffering, days of misery, nights of unrest, the distress of urinary troubles, she finds relief and cure?

No reason why any Paducah reader

should suffer in the face of evidence like this:

Mrs. Martha Hamilton, of 610 Tennessee street, says: "If I contracted a cold which settled in my kidneys, it brought on a severe attack of inflammation of the kidneys and ever afterwards I was subject to pain across my back, although I used every precaution to prevent it. When the attacks were at their height I was prostrated and had to remain bedridden. One day I noticed Doan's Kidney Pills advertised for just such conditions as mine. It occurred to me that they might do me some good, so I procured a box at Alvey & List's drug store. They helped me from the start. The dull aching across the small of the back finally disappeared, the pain in my muscles and legs disappeared and dizziness which accompanied it left, and since I have been out too pleased to tell friends and acquaintances about the result I obtained from taking Doan's Kidney Pills."

Daily Thought.

"Act always from high motives, and you will never need to resort to sophistry or diplomacy in explaining your actions."

OF WHICH KIND ARE YOU?

Are you one of those, who dis-
agree with the policy and methods of
the administration?Are you disappointed in the kind
of men the Democratic primary nomi-
nated for city offices?Are you perfectly certain that the
Republican convention will fail on
the party a lot of office seeking
buddies?Have you friends on the Demo-
cratic ticket?Is one of your friends considering
making a race on the Republican
ticket?Are you pleased with the economic-
al, conservative, moral administra-
tion of the present general council?

Have you a kick coming?

Have you a polley to endorse?

Are you a good citizen?

Have you the breadth and depth
to appreciate sufficiently the privi-
lege of participating in your own
government?If you have any of the foregoing
symptoms, you are a man, and we
have a remedy that will strike at
the very root of your trouble and re-
move it.Our panacea for such civic ills and
doubts and aspirations is the ex-
ercise of the franchise.There are a lot of men in Padu-
cah, who by long neglect of the bal-
lot have become chronic carpers, and
probably could scarcely manipulate
the Australian system; and these we
urge to try a sample of this sover-
eign remedy by registering tomorrow
between the hours of 6 and 9
o'clock. You have no idea how much
more of a man you will feel with a
registration certificate in your pocket.Paducah has another class of suf-
fragists, even more exasperating
than the chronic carpers. Those of
this class acknowledge party allegi-
ance, but may be considered only as
associate members. Honorary mem-
bers they would prefer to be called,
perhaps. They expect the workers to
call on them just before registration
day and again on election day. If
they are not invited with sufficient
warmth to participate in the regis-
tration, nomination and election,
they feel slighted and will not vote
at all. It is a pity this kind of citizen
is allowed to vote.Individuals of this class are not
buddies, they are more trouble than
buddies. They seem to be suffering
in political liver.Then there is the busy man, the
idle bound man, he should be called,
whose vision of duty and interest
has narrowed down to his own
tiny little affairs. He reads yellow
newspapers occasionally and becomes
infested with the pestilential germ
that infests the double-headed, capi-
tized editorials of this sort of jour-nistic degeneracy long enough to
live in private occasionally against
corruption in politics, but he forgets,
or neglects, to register, so he never
has a chance to bother the corruptionists.On these fellows, who consider
themselves high above the practical
politicians, we wish to impress the
fact that the corrupt politician is a
much better citizen than any of them.
They are simply knocker, and impo-
tent knockers, at that. Such men
are the shame of this country.You thin skinned fellows, get out
of the notion that an election is a
function gotten up and controlled by
a party organization. Look, you it is a
citizen's duty. Be a man and register
and vote, and vote as you please.You busy fellow, register tomorrow
to give Paducah the best city
government, regardless of politics
that you can. Elect officials, who are
economical, conservative, honest,
moral and progressive. Try to con-
struct direct connection between
Broadway and the city hall. It will
help your business. You have found
the general council giving heed
whenever you spoke earnestly.All you party men, and men who
have some special interest in this
election, register.Another point: register tomorrow.
Don't wait for the supplemental regis-
tration. You, who are in business,
do not do business by putting off
something you intend to do and feel
that you ought to do. You do it at
the first opportunity.Bud Elrod and Lillian Wilson,
charged with throwing pepper in the
eyes of Young Pruitt were granted a
continuance.Other cases: Horace Garrett, placed
under bond to keep the peace to-
wards L. L. Garrett; Corney Wall-
ingford, disorderly conduct, \$25 and
costs; Coats Egleston, trespass and
using abusive language towards Mrs.
Annie Redman, continued; Florence
Greer, colored, disorderly conduct
\$25 and costs and thirty days in
jail; Ed Woods, Jim Doolin, petty
larceny, continued; Ernest Ozment,
disorderly conduct, \$25 and costs
and fifty days in jail; Paducah Dis-
tillers company, four warrants for
selling liquor without a license, con-
tinued.Another reason you don't delay
your business affairs: You realize
your time is valuable, and that
the time of other men is valuable.
You cry for business principles in
politics. See that you apply business
principles to your participation in
politics. You are to be aligned on one
side or the other. Your side will
have an organization to look after
the vote and the registration. If you
do not register tomorrow, some politi-
cian will go to see you before the
supplemental registration day. If
you register he will not have to
bother with you, but may devote that
time and energy to looking after
some other detail of the prepara-
tions for victory. Don't you see how
by attending to this simple duty to-
morrow, you will be helping your
party to one or, perhaps, a dozen
more votes?And now, if you have read this
through this far, doesn't it strike
you as humiliating that the news-
paper men find it necessary to lecture and
admonish the voters every year to
take advantage of a privilege? And
yet, it is necessary, and we hazard
the guess that you have in mind
right now some other fellow to
whom this rebuke applies.

If you have, invite him to register.

No matter what anyone tells you,
no matter what any newspaper may
print on the subject, remember this:
Republican members of the general
council will be candidates for re-
election, and they stand on the rec-
ord of that department. By that you
must judge them. If any opposing
interest says the candidates put for-
ward by the Republicans are nomi-
nated by any certain influence, nomi-
nated by any certain influence, com-
pare the statement with the conduct
of the members during their term of
office, and if the statement and the
facts disagree, put the statement
down in a lie. This council has done
nothing indeed, it has been eco-
nomical, it has been conservative, it
has been on the side of morality and
right and what is the most signifi-
cant feature of the whole situation:
not a member has hungered after re-
election.If you have friends on the Demo-
cratic ticket?Is one of your friends considering
making a race on the Republican
ticket?Are you pleased with the economic-
al, conservative, moral administra-
tion of the present general council?

Have you a kick coming?

Have you a polley to endorse?

ATHLETICS PROVING POPULAR.

The Kelley-Connors fight on the H.
W. Buttoff consumed the greatest
portion of the time in police court
this morning and was thoroughly
alred. T. L. Connors is clerk on the
boat and R. L. C. A. and Curtis
Kelley were passengers bound for
Dover, Tenn. One took a shoe off in
the wrong state room and Connors
objected.The passenger replied that he
would not ride on the boat if there
was any other in the trade and Connors
left his office, came out and it
is charged, began to use brass
knucks. The two brothers interfered
either to separate the two or to pun-
ish Connors. The Kelleys all got in-
juries about the face and body and
Connors was cut in the shoulder.
Judge Puryear held them all over.Leisha Johnson, colored, was
found coming down from over in
drug store under the influence of
"coke" and stated she had been in
the habit of roaming about at 2
o'clock in the morning. The Judge
told her he would give her a rest.
He fined her \$10 and costs.Bud Elrod and Lillian Wilson,

Torture by Savages.

Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from the hammarion of the Kidneys," says W. M. Sherman, of Cushing, Me. "Nothing helped me until I tried Electric Pillars three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by all druggists. Price 50c.

The Courts.

During September circuit court, criminal term, was held and in three weeks 17 convictions resulted, one defendant getting a life sentence, one 21 years, and the remainder terms ranging from 3 months to 8 years.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. H. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of piles. It heals the worst Burns, Sores, Botts, Ulcers, Cuts, Wounds, Chilblains and Salt Ulcers. Only 25c at all druggists.

It's a Reputation.

You never heard Willie's name in Vermilion has a world-wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion, assimilation, and tones and strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White Creek Vermilion.

RUNAWAY

ATTACHMENT CROWD ON THIRD STREET SUNDAY.

Lines Break and Frank Allen's Mare Runs Away and She Is Hitting Very.

There was something doing on Third street Sunday afternoon at 1:30 o'clock when an old bay mare made a record-breaking runaway. The mare started from Third street and Broadway and ran south. She took a notion at Jackson street to come back and no driver could have made a prettier turn. The lines remained free and the buggy kept in the middle of the street. At Second and Jefferson street the horse turned down to Second street and proceeded south on Second street to Clark street. She came into Third street like a thoroughbred racer and the liverymen at the Clark stables threw boards in front of her. These were not sufficient.

The mare was going some, and with apparently the same speed continued north on Third street.

The owner, Frank Allen, a negro, was helpless, standing by and watching the old timer go. She turned down Jefferson street and was still going when last seen.

The exhibition filled Third street with people. Allen drives for the Paducah Furniture company, and the breaking of the lines caused the runaway.

HIGH CLASS

ALL RECRUTS ACCEPTED AT LOCAL STATION.

Sergeant Blake Leads Whole District Receiving Ten Out of Twenty-Three.

Special notice has been taken by the war department of the high-average number of recruits enlisted at the local recruiting station in charge of Sergeant Blake. Paducah is in the district composed of Evansville, Mt. Vernon, Vincennes and Paducah, for many months.

In September there were 23 applicants with ten successful. That is considered a high average. They were: For engineer corps, Walter Carpenter, Hilmaldo, Ky.; James H. Morrison, Benton, Ky.; James E. Mitchell, Trigg Furnace, Ky.; for cavalry, Spencer Fralick, Princeton, Ky.; for infantry, Charles Hildhard, English, Ind.; Sherley G. Ramsey, Hampton, Ky.; Frederick G. Hains, Elkhorn, Ill.; John G. Daniel, Cadiz, Ky.; Jesse H. Davis, Lowes, Ky.; William J. Leach, Rock, Ill.

London's 7,100,000.

In its annual volume of London statistics, which is this year issued in a new and better form, the London County council is looking ahead as far as 1910. By that time it is calculated that the population of Greater London will have exceeded seven and a half million more than in 1901—London Telegraph.

PACKERS

CAUGHT TODAY WITHOUT ANY CERTIFICATE.

Railroads Will Not Haul Product Between States Without an Inspection.

Washington, Oct. 1.—Beginning today the railroads will refuse to accept meat in interstate commerce which does not bear the proper stamp of inspection. Realizing at the last minute that their business may be seriously hindered by the provisions of the new meat inspection law, many small packers have appealed to Secretary Wilson and his associates within the last few days to inspect their plants and grant them the much coveted inspection stamp. But a large number of packers will be disappointed.

Between July 1 and the present time, the department of agriculture has appointed 1,000 meat inspectors, 25 per cent. of whom are veterinarians. Before July 1 there were only 783 inspectors employed in the employ of the government. Several hundred additional men will be required.

Before July 1 there was government inspection in 153 houses, but the number now is 400. Secretary Wilson said tonight that many of these houses have made extensive improvements, and spoke highly of the sanitary condition of many of the establishments.

Of the 153 places which had inspection under the old law, twenty-seven have been refused inspection under the new law, because of their unsanitary condition.

WILLIAM ALSO - RAN-DOLPH HEARST.

Willie runs a supplement which always beats the news;

Willie runs for president, with nothing much to lose—

Willie's always running, whether by request or not.

Whenever there's a vacany, it's Willie-on-the-Spot.

Willie runs a supplement which always beats the news;

Willie runs for president, with nothing much to lose—

Willie's always running, whether by request or not.

Willie runs for governor quite regular of late,

Willie runs the government (or tries at any rate.)

Willie looks on politics with serious intent,

As a sort of annex to his Come Supplement.

Willing Willie, wanton Willie, can he, will he quit?

Willie's always playing tag—and yet he's never it!

Willie ran for mayor once, but when he realized

That he was defeated he was not surprised.

In this land, which (Willie says) by grafters is infested,

Almost everybody had defeated Willie Hearst.

Dreaming Willie, scheming Willie, hitting of the pipe;

He's one type of journalist—his journal's mostly type.

When he saw that Puddles were the tops of the hour

Willie got a Muck-Rake of a hundred donkey power,

Started up a geyser, shrilly shrieking all the time:

"Don't you touch my mind! I've got a scoop on this here slime!"

Fraudie Willie, artie Willie, always on the jump,

Willie found the Muck-Rake slow,

and so he bought a pony.

Brimstone is to Willie quite the mildest of emulsions—

Dowle multiplied by fits and Lawson in convulsions:

Any great calamity that comes the world to curse,

Read it in the "Journal"—and you'll find that it is worse,

Bumplous Willie, gung-ho Willie, running for a prize,

Keeps his circulation brisk by constant exercise.

—Wallace Irwin in Collier's.

Rescue of a Merchant.

A prominent merchant of Shonto, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds."
